The Union Sportsmen's Alliance (USA)

Provides Exceptional Benefits *Exclusively* for Union Sportsmen

Since 1903, our proud union has worked for fair pay, health and welfare benefits, education, a pension and other benefits to ensure a better future for our families. Now, in 2007, our union is going a step further to provide members with benefits that enhance their recreational interests outside the workplace.

Recognizing that a majority of our members spend some of their free time hunting, fishing or enjoying the outdoors, our union has joined forces with the Theodore Roosevelt Conservation Partnership (TRCP), a coalition of the nation's leading hunting, fishing and conservation organizations and individual hunters and anglers working together to preserve the traditions of hunting and fishing, and 19 other AFL-CIO affiliated trade unions to form the Union Sportsmen's Alliance (USA).

Whether it's fins, feathers or fur that get your heart pumping, the USA will help you plan trips, learn tips, swap stories and save a bundle through the only hunting and fishing club exclusively for union sportsmen and sportswomen and their families.

When you join the USA for an annual membership fee of just \$25, you'll receive a personalized membership card, auto and hard hat decals, chances to win hunting and fishing gear and services, the latest hunting and fishing tips and techniques to nail that big buck or land a monster large mouth, and free membership in the TRCP. Plus, you'll receive a \$25 gift certificate for purchases from Beretta USA's field merchandise selection and a one-

year subscription to a top outdoor magazine...so your membership is practically free.

Equally as important, you will now be able to connect with your union brothers and sisters across North America who share your passion for hunting and fishing, through a dynamic USA website (www.UnionSportsmen.org). Using your membership card number, you'll be able to access the Members-Only section of the USA website to receive discounts from well-known outdoor retailers, post trophy photos; trade recipes, tips and trips, and buy, sell or trade outdoor gear. Plus, you'll find the best places to hunt and fish.

In addition to exceptional discounts and information, the USA gives union members the opportunity to do what they do best... organize, protect and defend an American way of life...and outdoor heritage for themselves, their families and for future generations.

The USA is a major step in extending union benefits beyond the workplace to enhance the quality of life of so many of our members. Because I believe the USA will be truly valuable to union sportsmen and women, I highly encourage you to join with me in becoming a member of the USA.
