Roofers International Hosts Reception During Legislative Conference

International staff threw a grand reception for delegates, friends, and guests to coincide with the Building and Construction Trades Department's 100th Anniversary Celebration and Legislative Conference. The theme of the reception was "VOTE," to go along with the anticipation of this election year.

Spirits were high after a full day of legislative action. The outlook on the future of the labor movement looked promising, and delegates were ready to celebrate. The Roofers once again hosted a wonderful reception and look forward to doing it all again next year!
