

Local 30 Roofers Answer Call of Retired Brother

In the pit (and I don't mean orchestra pit), retired Local 802 New York City Musicians member Ray Helt turned to the Roofers Union for help to replace the roof on his home.

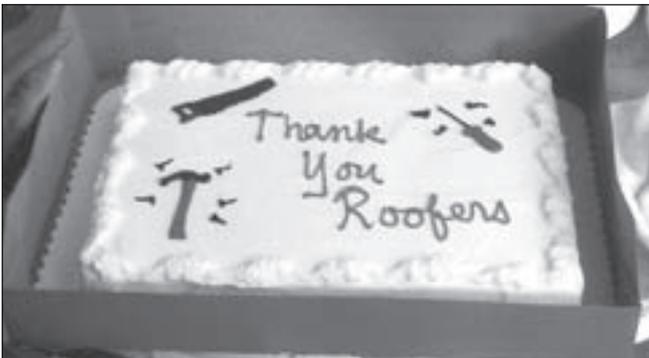

Brother Helt placed a call to the International office which in turn called Roofers Local 30 Representative Frank Olenick. After hearing Brother Helt's story about his disability and the need to move in to a home he left to his son, Frank went to work in less than a week to prevent any further interior water damage to the home by replacing the roof.

The Local 30 crew consisting of four Journeymen and three Apprentices under the direction of Frank Olenick preparing to nail down the shingles.

Local 30 volunteers take a break for lunch

The luncheon was topped off with a "Thank You Roofers" cake given to them by Brother Helt.

Local 96 Members Donate Time And Skills

Local 96 Minneapolis, Minnesota Business Agents Gene Harris and Pete Jaworski donated their time and roofing skills as part of a volunteer project done by the Minneapolis Building Trades. A new ticket booth and entrance will greet spectators who attend sporting events at Elk River High School's Jerry Schempf Field this fall. The structure is the result of a volunteer effort headed up by Jerry Gumphrey and the Building Trades Unions, including our Local 96 volunteers. Great work, guys!

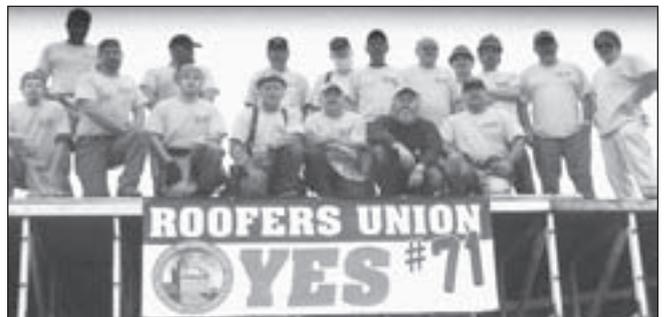

Local 96 Business Agent Gene Harris is shown completing an inside seam on the ticket booth at Jerry Schempf Field at Elk River High School.

Business Agent Pete Jaworski is shown applying adhesive to the roof membrane that will cover the ticket booth at Schempf Field.

Extreme Makeover Food Bank Gets Help From Local 71

Members of Roofers Local 71 Youngstown, Ohio donated their time to help complete the Extreme Makeover Food Bank project.

Members of Local 71 who participated in the Food Bank project. Front row (far right) kneeling is Local 71 Business Representative Carlo Ponzio.
